ABOUT COLLEGE

Jeppiaar Institute of Technology established in 2011, to provide futuristic technical education with the perspective of innovative industrial and social application for the betterment of humanity. We have five departments ECE/EEE/Mech/IT/CSE and our institution endorses the establishment under the leadership of Dr.N.Marie Wilson, the Director of the institution.

IEEE STUDENT BRANCH

The IEEE Student Branch of Jeppiaar Institute of Technology was inaugurated by Mr.T.S.Rangarajan, Chairman IEEE Madras Section. We had only a few members but the students displayed their full energy and organizing capabilities. From then, we have been active and vibrant till this date and the number of student members joined in IEEE has increased and presently the Branch has 120 student members. The objective of starting IEEE Student Branch was to create awareness about the day today technological developments and to make them to utilize the resources available in IEEE. And to make most of our student members involve themselves in publishing research papers and projects.

TOPICS

1. Internet Of Things
2. Android Application
3. Embedded System
4. Wireless Sensor Networks
5. Wireless Communication
6. Robotics
7. Nano Technology
8. Machine Learning
9. Others

RULES

1. Team members 2-3.
2. A team members may consist of different institutes.
3. Each competitor should belong to only a single team.
4. Selected team should give presentation and demonstration of model.
